Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment
in buying cheaply made tires that are
announced as wonderful bargains at
a few dollars each and then fail
after brief terms of service.

Get exceptional mileage at exceed-
ingly low cost in Goodyear Tires, of the
30 x 3-, 30 x 3½- and 31 x 4-inch sizes,
built of Goodyear-selected materials
and with Goodyear skill and care.

Due to their precise manufacture in
the world's largest tire factory de-
voted to these sizes, their quality is
most economically produced and
therefore most economically em-
ployed.

If you own a Ford, Chevrolet, Dort,
Maxwell or other car taking these
sizes, go to your nearest Service
Station for Goodyear Tires; ride
farther and fare better.

30 x 3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price
you are asked to pay for tubes of less merit—why risk costly
casings when such sure protection is available? \$4.50
30 x 3½ size in waterproof bag

Living Costs Increase 95%

Since 1914 living costs have gone up
95 per cent. Few incomes went up in
proportion.

Far-sighted men and women have
kept the scale's balance in their favor by
practicing THRIFT. Which way are you
tipping the scale?

We counsel the people of Pascagoula
to SAVE, and offer our Savings Depart-
ment to help them do so.

And we hope you make use of this
friendly advice and provide against the
time when you'll realize the truth of the
old saying—that:

"From Saving Comes Having."
